

Dear parents:

We want to know what your child thinks about Brevard Public Schools so that we may better serve all students. All BPS students in grades 3-12 will be taking an anonymous computer-based survey during the month of January. The survey questions were developed by Brevard County educators and focus on curriculum, instruction, bullying, and school safety. The survey is completely anonymous and there is no personally identifiable information in the survey. If you have questions or wish to see a copy of the survey please contact the school. The results of this survey will help us to better serve all Brevard Public School students. Thank you.
